Make sure your reservations are at this hotel there is another Hilton in the area and that is not the one you want...

INTERTECH 2011 is scheduled for May 2, 3 & 4, 2011 at The Hyatt Regency O'Hare, Chicago USA

The Chicago O'Hare has long been the standard among Chicago hotels and in 2011 it becomes home to INTERTECH 2011 the International Conference on Diamond, Cubic Boron Nitride and related materials.

This Conference historically has been a global premier event, bringing together companies and

research organizations to share new technology and application development for all superabrasive and ultra-hard materials... Nowhere else can attendees obtain such diverse technical knowledge and interact with leading scientists and corporate innovators to discuss issues related to high pressure/high temperature research, high temperature low pressure research, tool development, new markets, industry innovations, workpiece materials, superabrasive/ultra-hard applications and other related areas of expertise. An expected 200 – 300 participants from all over the world will enjoy the splendid Conference Center at the Hyatt Regency O'Hare in Chicago, Illinois USA for this technical seminar and experience the exquisite amenities offered by the Hyatt staff at this beautiful location.

Chicago is world renowned for its beautiful sights, cultural attractions and first-class entertainment. Whether a visitor wants to stroll along the beaches of
